Ford Capri Mk1 2000 GT V4 auto (1973)

Daytona Yellow with Black Vinyl Roof

Very rarely in the UK automotive history has a car been so desirable or held in such high esteem.

In the seventies and eighties, it was 'the must have' car for the would be playboy and aspiring racing drivers.

It was often regarded as the UK's answer to the hugely successful USA's Ford Mustang muscle cars.

Our Ford Capri is a stunning example of this sought after classic. Many have commented that it is probably in better condition than when it left the showroom.

This Capri has been used for many TV and Movie shoots plus a number of weddings. In the gallery you will see it on location for the BBC TV show The Holiday Of My Lifetime with Len Goodman and featuring guest Jimi Mistry.

This car is original in every way and would be a talking point when used for your Event, Party, Film Project, Movie or Photo-shoot.

Additional information
